10.	I've Never Been Happier	Shaheen Bhatt

### And People Stayed Home...

And people stayed home,  
read books and listened  
and rested and exercised  
and made art and played  
and learned new ways of being  
and were still.

And listened more deeply.

Some meditated, some

Prayed some danced

Some met their shadows.

And people began to think differently

And the people healed

And, in the absence of people  
Living in ignorant, dangerous,  
Mindless and heartless ways,  
even the earth began to heal.

And when the danger passed  
and the people joined together  
again, they grieved for their losses,  
and made new choices,  
and dreamed of new images  
and created new ways to live  
and heal the earth completely  
just as they had been healed.
